MAZZUOLI

L'artigiano fiorentino Giuliano Mazzuoli, ha scelto il design dei contagiri delle mitiche sportive della casa del biscione per scandire il tempo. Le ore vengono visualizzate attraverso una sorta di sistema retrogrado con la lancetta che, una volta segnate le 12, torna indietro all'1. The Florentine craftsman Giuliano Mazzuoli chose the design of the rev' counters of Alpha Romeo's mythic sports cars for measuring time. The hours are visualized by means of a sort of retrograde system in which once the hands reach 12, they return back to 1. www.giulianomazzuoli.it
